

Raise Your Hand In Zoom

The raise hand feature in webinar allows attendees to raise their hand to indicate that they need something from the host or panelists. As a host, you should inform your participants how you would like to use this feature at the start of the webinar.

1. View Participants

During a meeting, click on the icon labeled **Participants** at the bottom center of your PC or Mac screen.

2. Select Raise Hand

At the bottom of the window on the right side of the screen, click the button labeled **Raise Hand**.

*Note: Your digital hand is now raised. Lower it by clicking the same button, now labeled **Lower Hand**.*
